

Dr. Marcello Ceccaroni completed his medical course at the University of Bologna (Italy), and accomplished his residency program in Obstetrics and Gynecology in 2003 at University of Bologna, Italy.

During his residency, he was assistant in training at the Division of Gynecologic Oncology - Catholic University of the Sacred Heart (Policlinico A. Gemelli, Rome - Italy), focusing particularly on the study of the pelvic anatomy at the "Institut d'Anatomie" Renè Descartes (Paris). In 2006 he published as first author the Atlas Text-book of Surgical Neuro-Anatomy, entitled "Visceral and somatic innervations of the female pelvis".

Dr. Ceccaroni earned his PhD Degree in 2008 at the Catholic University of the Sacred Heart, (Policlinico A. Gemelli - Rome, Italy), with specific interest in Molecular Pathology in Gynecologic Oncology.

From 2004 to 2007 he worked as Consultant at the Department of Obstetrics and Gynecology, Sacro Cuore - Don Calabria Hospital (Negrar - Verona, Italy), where he has been designated Director of the Gynecologic Oncology and Minimally-Invasive Pelvic Surgery Unit (2007-2014). Since June 2014 to present time, he is Head of the Department of Obstetrics and Gynecology, Gynecologic Oncology and Minimally-Invasive Pelvic Surgery, Sacro Cuore - Don Calabria Hospital (Negrar - Verona, Italy).

He is nationally and internationally renowned for his research, the academic and clinical achievements in the fields of gynecologic oncology, laparoscopic nerve-sparing radical surgery for pelvic cancers and severe endometriosis and laparoscopy pelvic neuro-surgery.

He is author of numerous publications in international peer-reviewed scientific journals. He is known as creator of the new laparoscopic nerve-sparing technique for eradication of deep endometriosis with rectal and parametrial resection, worldwide recognized as "The Negrar Method".

He is president, founder and chairman of the International School of Surgical Anatomy (ISSA), Negrar, Verona, Italy.

He is member of the Italian Society of Gynecological Endoscopy (SEGI) and other national scientific societies (RCOG, London - UK, SEGO - Spain); he has professional qualification as Adjunct Professor at the University of Bologna and the University of Naples - Federico II (Italy), as Visiting Professor at the University of Lublin (Poland), and as Associate Professor at "Clinica de Excelencia en Endometriosis", Hospital San Javier (Mexico).

Since 2016, he is member of the Board of Directors of the AAGL (Advancing Minimally Invasive Gynecology Worldwide).
