MRI defined Vascular Depression – An Overview of Current Evidence

Speaker: Dr Keerthy Raju, Consultant in Old Age Psychiatry, Cheshire and Wirral Partnership NHS foundation trust, United Kingdom.

Biography: Keerthy works as a consultant psychiatrist in the National Health Service (NHS), United Kingdom. His specialist interests are in functional disorders of the elderly.

Abstract: There has been plenty of past and current clinical evidence supporting the association between white matter hyper-intensities – the predominant finding in MRI-defined vascular depression and late life depression. This talk will provide an overview into the validity and evidence base supporting MRI-defined vascular depression as a diagnostic subtype.
