

## **Michael Biermer, MD**

### **Michael Biermer**

Doctor of Medicine

Department of Internal Medicine, Clinic of Gastroenterology and Rheumatology

University Hospital Leipzig, Germany

Liver- and Studycenter Checkpoint, Berlin, Germany

Doctor Michael Biermer completed his medical training at the University of Hamburg, Germany. After a post doctoral fellowship at the New York University until 2002 he specialized in Internal Medicine in 2006, and received training in Gastroenterology and Hepatology at the Charité Universitätsmedizin Berlin until 2010. Since then as an outpatient hepatologist he coordinates clinical trials of all phases at the newly initiated Liver- and Study-Center Checkpoint in Berlin, Germany in close collaboration with the University of Leipzig. Since 2002 Doctor Michael Biermer has provided ongoing service in more than 80 clinical trials focusing on viral hepatitis, autoimmune and metabolic liver disease and hepatocellular carcinoma.
