

Financial Disclosures

The COSTEM Congress seeks to balance the important benefits of physician-industry relationships with the potential risk that the financial goals of the industry may conflict with the professional goals of COSTEM participants. In doing so, the COSTEM Congress recognizes that it has a profound duty to its participants, the larger medical community and the public to ensure the integrity of all of its scientific, educational, and advocacy activities and materials.

Educational Content Development

The COSTEM Congress requires all Program members and any others in a position to control the educational content to disclose any commercial financial interests prior to the development of the educational content. A process of resolution of conflict of interest is used for those members who do have financial interests related to the development of the content.

Presenters

The COSTEM Congress considers financial relationships to create actual conflicts of interest when Presenters or their immediate family (defined as spouse, domestic partner, parent, child or spouse of child, or sibling or spouse of sibling of the Presenter) have both a financial relationship with a commercial interest and the opportunity to affect the policy of the COSTEM Congress of CME about the products or services of that commercial interest. The potential for Presenter to maintaining or increasing the value of the financial relationship with the commercial interest creates an incentive to influence the content of the CME – an incentive to insert commercial bias.

All presenters of CME content should familiarize themselves with the policy of the COSTEM Congress of CME based on the CME provider of the Congress – the EACCME (<http://www.eaccme.eu/uemspdf/UEMS-2012-30.pdf>).

All COSTEM Faculty presenting CME are required to disclose to the activity audience the following information prior to beginning their presentation:

- Any relevant financial relationships a CME presenter has had with manufacturers of commercial ophthalmic products or providers of commercial ophthalmic services within the past 12 months. The COSTEM Congress defines "relevant" financial relationships as those with a commercial ophthalmic interest and the opportunity to affect the content of CME about the products or services of that commercial ophthalmic interest
- CME presenters who report they have no known relevant financial relationships to disclose will declare "No Financial Relationships"

NOTE: All presenters are required to report financial disclosures, using the codes below. An individual's financial disclosures for the 3rd COSTEM Congress meeting are listed in this Section.

COSTEM Financial Disclosure Codes

Category	Code	Description
None	N	No financial relationships
Consultant	C	Consultant fee, paid advisory boards Advisor fees for attending a meeting (for the past 1 year)
Employee	E	Employed by a commercial entity
Lecture fees	L	Lecture fees (honoraria), travel fees or reimbursements when Speaking at the invitation of a commercial entity (for the past 1 year)
Equity owner	O	Equity ownership/stock options or publicly or privately traded firms (excluding mutual funds) with manufacturers of commercial ophthalmic products or providers of commercial ophthalmic services
Patents / Royalty	P	Patents and/or royalties that might be viewed as creating a potential conflict of interest
Grant support	S	Grant support for the past 1 year (all sources) and all sources Used for this project if this form is an update for a specific talk or publication with no time limitation
