

Douglas T. Dieterich, M.D.
Professor of Medicine
Division of Liver Diseases
Director, Outpatient Hepatology
Mount Sinai School of Medicine
New York, NY

Dr. Dieterich is currently Professor of Medicine in the Division of Hepatology and also Director of Continuing Medical Education in the Department of Medicine at Mount Sinai School of Medicine, New York, NY. He has a triple appointment in the divisions of Liver Disease, Gastroenterology, and Infectious Diseases.

Douglas T. Dieterich graduated from Yale University in New Haven, CT and received his Doctorate of Medicine from New York University of Medicine in NY. He completed his internship and residency in Internal Medicine at the Bellevue Hospital Center in New York, NY where he was also a fellow in the Division of Gastroenterology. He became Clinical Assistant Professor of medicine and then a Clinical Professor of Medicine, both at the New York University. He remains as an Adjunct Clinical Professor of Medicine at New York University School of Medicine.

Dr. Dieterich is an investigator for many ongoing clinical trials evaluating the safety and efficacy of new antiviral treatments for chronic hepatitis B & C.

Dr. Dieterich is a member of many professional societies and is a fellow of both the American College of Physicians and the American College of Gastroenterology. He has served on several committees of the AIDS Clinical Trials Group at the National Institutes of Health (NIH), including the Steering Committee of the Opportunistic Infections Core Committee and the Cytomegalovirus (CMV) Committee. He was Chair and Co-Chair, respectively, of the Enteric Parasites Committee and the Protozoan Committee. He also served on the NIH Study Sections for CMV and cryptosporidiosis.

Widely published, Dr. Dieterich is the author of numerous journal articles, abstracts and book chapters on viral hepatitis and AIDS associated infections of the gastrointestinal tract and liver.
